

KASHIF AFTAB

Oracle ERP Functional Consultant — ERP & Digital Transformation Specialist

kaftab@gmail.com | www.kashifaftab.com | linkedin.com/in/kaaftab

SUMMARY

ERP professional with over 15 years of experience — including 5 years at IBM Pakistan on a full-cycle implementation — with a proven track record of delivering high-impact IT solutions that facilitate business processes and strategic objectives. Core competencies include ERP implementations, business process optimization and continuity. Extensive industry exposure across Government, IT, Oil & Gas and Petroleum sectors, focusing on Oracle EBS and SAP implementations and optimization of Financials, SCM, commercial and logistics processes. Dedicated to transforming “AS-IS” organizations into “TO-BE” market and industry leaders.

EXPERIENCE

Oracle ERP Functional Consultant — Civil Aviation Authority

Jul 2014 – Present

- Spearheading the entire Oracle ERP EBS system as the sole Functional Consultant, encompassing all modules from Financials to SCM deployed at PCAA; executed full-cycle ERP implementation of Oracle SCM at PCAA.
- Craft AS-IS & TO-BE documents, SOPs, user guides, training materials and functional design documentation.
- Conduct detailed business analysis for financial modules, identifying future requirements and designing solutions.
- Coordinate with Oracle Support, DBAs, developers and technical consultants for bug fixes and issue resolution.
- Review functional setups and configurations, take corrective actions, and support year-end closing activities.

Sr. ERP Consultant — IBM (Civil Aviation Authority ERP SCM Implementation Project)

Dec 2008 – Apr 2014

- Executed a full-cycle Oracle E-Business Suite implementation for the Pakistan Civil Aviation Authority.
- Analyzed and documented business requirements and solution specifications; performed mapping and GAP analysis.
- Created AS-IS & TO-BE business process models based on client functional requirements.
- Trained end-users during UAT and provided post Go-Live assistance and support.
- Collaborated with technical consultants to ensure development met functional specifications.

Officer Customer Services — Cnergyico PK Limited (formerly Byco Petroleum Pakistan Limited)

Jul 2007 – Dec 2008

- Worked in the Customer Services branch of the Commercial Division at Pakistan's largest oil refining complex, spanning Finance & Controlling, Supply Chain, Distribution and Logistics.
- Instrumental during SAP implementation of FI/CO, MM and SD modules alongside the implementation team.
- Handled sales & distribution of petroleum products to local and international markets, including export documentation.
- Produced market research and analytical reports for top management and sector regulators.
